ORIENTAL FACTS OF FAR EASTERN WAR

Striking Developments Sure to
Occur Right Away.

NEWS FROM THE ZONE OF WAR

Indications Point to a Sea Battle Between Russian and Japanese Sea-dogs—Russian Vice Admiral and His Crews of Fleet Are Sick.

St. Petersburg, May 26.—Admiral Avellan, head of the Russian admiralty department, confirms the Associated Press dispatches saying Vice Admiral Rojestvensky is steaming north to give battle to Admiral Togo.

He considers it possible that news to the effect that the two fleets have met may be received any day.

In an interesting interview Admiral Avellan confirms the unofficial reports that Admiral Rojestvensky has broken down and asked to be relieved. He says Rojestvensky sent detailed reports of the condition of his own health and of the health of the crews of his fleet.

The constant tension and hard work of the long voyage have been a great strain on the admiral's strength.

"Even before he left," said Avellan, "Rojestvensky was a sufferer from kidney trouble, but his health is now no worse. His report breathes a spirit of strength, resolution and confidence, and other reports show he has inspired his crews with the confidence of their commander. As a matter of fact, it is not Rojestvensky, but Vice Admiral Voelkorsam who has suffered from the long stay in the tropics."

HATPIN CAUSES HER ARREST.

Margaret Lockhart, Dressed in Boy's Attire in Tolls of the Law.

Pittsburg, May 26.—Margaret Lockhart, the young girl from Grove City, Pa., who was arrested in the Union station while dressed in boy's clothing and endeavoring to purchase a ticket for Wheeling, W. Va., has been called for by her father, J. C. Lockhart, a coal miner of Grove City, and taken home. The young woman seemed to resent her treatment by the police officials of this city, and she lost no opportunity of so expressing herself.

Before the girl was discharged she was taken into the office of Superintendent of Police Wallace, where she was given some good advice. She seemed to pay little attention to what was proceeding. When asked as to whether she would repeat the attempt to leave her home, she answered that she would not. The party left for Grove City, and it is probable that the police of Pittsburg will hear no more of the little girl who desired to become a boy for the purpose of making her own way in the world.

The girl left her home several weeks ago and since has been in this city and Allegheny employed as a domestic. She left her last place of employment last Saturday night, had her hair cut off, purchased boy's clothing and attended herself in them for the purpose, she said, of being better able to make her own living as a man. She then drew her own clothing into the Allegheny river and went to the Union station, where she endeavored to purchase a ticket for Wheeling. The ticket agent saw that there was a hatpin moved through the cap which the person wore, and becoming suspicious, he summoned the detectives, who discovered that the supposed boy was a girl.

Big Contract for Peaches.

Adairville, Ga., May 26.—One of the largest sales of Elberta peaches ever made here was closed this afternoon. One man contracted for 12,000 crates of peaches, at a neat figure. The crop is small, but is in fine shape, and doubt will bring fancy prices. It is predicted by one of the largest growers of New York here some days after going through the orchards, the growers would get more for the small crop than for the larger crop last year.

A DOUBLE TRAGEDY.

Woman Found Dead and Alleged Assassin Wounded.

Toledo, O., May 26.—Dr. A. Greene, a traveling medicine man, shot and instantly killed Mrs. Alta Tippins at her home in Weston, O., and then fired one shot into his own head.

Greene will probably recover. He is now under arrest and has been taken to the county jail at Bowling Green. He was taken from Weston as soon as possible in order to prevent possible mob violence.

Greene resides in Delta, O., and has made frequent visits to Weston. It is learned that he was greatly infatuated with Mrs. Tippins, and it is believed that because she failed to return the affection he committed the crime. Greene is 63 years of age and his victim 45.

Dead From Apoplexy.

New York, May 26.—Edward Whelan, last survivor of the jury which served in the famous Beecher-Tilton case is dead at his home in Brooklyn, from apoplexy. At the time of the trial he was one of the leading architects and builders in Brooklyn, but retired some years ago.

YOUNG WOMAN TRIES SUICIDE.

Sandersville Has Sensation in Attempt of Girl to End Her Life.

Sandersville, Ga., May 26.—A young woman, said to be from Atlanta, created a sensation in this place by attempting suicide in the Southern railway depot early Wednesday night.

Her name was given as either Miss Bessie Meeks or Mrs. Arthur Young. An older woman who was with her at the time and claimed to be her mother, said that the young woman had just received a telegram from Young in Atlanta, immediately after which she swallowed a large quantity of laudanum and morphine.

The incident created considerable excitement and help was summoned at once. The young woman was taken to the Sandersville hotel and physicians called in at once. It is thought that she will recover. What her reason was for attempting to end her life is not known. The contents of the telegram received just before she took the poison are known to herself alone, as she destroyed the message.

Sunday Newspapers' Hard Luck.

Fitzgerald, Ga., May 26.—The Law and Order League of this place is getting very active these warm summer days. They are determined to see that the Sunday closing is to be observed strictly. Their edict has gone forth that cold drinks and ice cream shall not be sold on these hot and sultry Sabbath days to quench the thirst and tickle the palate of the Sunday promenaders.

This order has not brought forth so much talk as the one in which they have carried through one of their members in the city council, who introduced an ordinance prohibiting the sale and delivery of Sunday newspapers. This has caused a sensation among the readers of the daily papers. It is thought by many that it is a step to extremes and is uncalled for, but the Law and Order League has seen that the privilege of selling newspapers has been abused to some extent by the selling of soft drinks on the sly, so they have made their orders sweeping, and Sunday next will be a dry and lonesome Sabbath in Fitzgerald, Ga.

Affairs of Young People's Society.

Winona Lake, Ind., May 26.—The general assembly of the Presbyterian church today took up consideration of affairs of the Young People's society with especial reference to the problems of how to better stimulate their work and keep their funds more directly in Presbyterian channels. The committee report showed that only 125 presbyteries had made reports and the numerical strength was decreasing.

Operation Proves Successful.

Dublin, Ga., May 26.—The friends of Mrs. J. E. Smith, of this city, who is spending sometime at an Atlanta sanitarium for her health, are glad to learn that she has been successfully operated upon and is rapidly improving.

DEVELOPMENTS IN CHICAGO STRIKE

Up to the Hour of Going to
Press.

DIFFERENT VIEW OF PROSPECTS

The "Windy City" is Bristling With Arms—The Outlook Is Good for a Clash—Shea Roasts the Treatment as to His Contempt of Court.

Chicago, May 26.—With the strike spreading each hour in the chamber district, and no signs of peace in sight, the teamsters' strike assumed a serious aspect today.

Unable to meet the demands of police protection, Mayor Dunne issued a call for 1,000 able-bodied citizens to report at Chief O'Neill's office at once and be sworn in as policemen to do strike duty.

Sheriff Barrett continued to swear in deputies. The number of deputies sworn in now numbers 4,000, one-fourth of whom are active deputies assigned to protect nonunion drivers and wagons. Armed sentries are guarding the various armories located in the city and the officers expected a call to arms at any moment.

Fifty thousand rounds of ammunition have been distributed among the troops.

President Shea of the Teamsters' union held a different view of the prospects for a complete tie-up of the wood and building industries. He said:

"All this talk of tying up the building industry is idiocy. The lumber association combine dealers have long been fighting with the teamsters who do business with the 'desk and telephone' dealers, the 'switch track men,' as they call them. These lumber jobbers can get all the union teamsters they want and can supply all the lumber that is required and at lower prices than the lumber association will sell. They also have an advantage in the fact that they can have lumber delivered on any switch track whereas the lumber yard is stationary."

Before leaving for Judge Kohlsaat's court, where he was instructed to appear to answer a charge of contempt, Mr. Shea conferred with several labor representatives and outlined plans for the carrying on of the strike to day and tomorrow. Later he remarked, laconically, "I have only one conference today. That one is with Judge Kohlsaat." Referring to defiance of the court, Mr. Shea said:

"I am in contempt of court. They will put me in jail. They may never let me out. If they keep me in jail until I lose by contempt I don't know how many years I will have to serve. The whole proceeding is worthy of contempt. It was the most outrageous thing in the name of justice I have ever seen anywhere. It did not resemble a court in any way."

Young Woman's Peculiar Death.

Sidney, O., May 26.—Maggie Wood, formerly of Cincinnati, met instant death in a peculiar manner. She was standing beside the railroad track when a freight car left the track and crushed her to an unrecognizable mass. Fourteen new flat cars were destroyed and trains were delayed. The train crew was unhurt.

Depositors To Be Paid In Full.

New York, May 26.—That the depositors of the closed Merchants' Trust company eventually will be paid in full was the opinion expressed by President Otto T. Bannard, of the New York Trust company, one of the receivers for the suspended company. He said, however, that the process might require considerable time.

Mobile Lumber Company Fails.

Mobile, Ala., May 26.—Captain J. W. Black, president of the Sullivan Timber company, one of the largest exporting firms in lumber and timber in the south, applied in the chancery court this afternoon for the appointment of a receiver. The company is capitalized at \$100,000, and has been doing an enormous business.

MAN SLAYS SEVEN.

Opinion Is General That He Was Insane.

San Francisco, May 26.—Elwin Steppens, who lived at Ross Valley, Marin county, has murdered his wife, shot his five children, three of whom died instantly, attempted to murder a passing milkman, and then ended his own life.

Steppens, who was 35 years old, was formerly a book agent, but later was said to be connected with a rubber goods house of San Francisco. The family also conducted a chicken ranch at their home in Ross Valley. Early in the morning Steppens emerged from his house, revolver in hand, and fired upon a passing milkman.

Milkman whipped up his horses and Steppens pursued him for 200 yards, firing as he ran. Steppens then halted in the road way, placed the revolver to his breast, discharged the weapon, but the bullet did not end his life, and he sent a second fatal bullet into his brain.

When neighbors and officers entered the home of Steppens they came upon a shocking scene. The members of the family, each with a revolver wound in the head, were found in their beds. The wife and three of the children were dead, and it is believed that the surviving children cannot recover. The children ranged from one to eleven years of age.

There is no known reason for the tragedy, but the theory is advanced that Steppens became suddenly insane.

The two Steppens children died at a hospital yesterday.

Southern Presbyterians.

Fort Worth, Tex., May 26.—The report of the twentieth century fund committee was made to the general assembly of the Southern Presbyterian church today. The report shows that \$300,000 has already been pledged and about half of that amount has been received. North Carolina has pledged a large sum to the fund. The committee on foreign missions asked that the assembly provide \$275,000 to increase the efficiency of work in all foreign countries. The assembly failed to sustain the complaint of N. E. Thurmond against the synod of Missouri. The debate on the question of federation with other Presbyterian bodies will be resumed after the discussion of committee reports.

Reward Is Offered.

San Francisco, May 26.—The Examiner today gives an account of a reward of \$1,000 offered by Welland Stanford of Schenectady, N. Y., leading up to the arrest and conviction of the parties responsible for the death of the late Jane Stanford. Welland Stanford is said to be a nephew of the late Senator Leland Stanford and a beneficiary under his will to the extent of \$100,000. Mrs. Stanford in her will made no provision for the blood relatives of Senator Stanford. The attorney here for Mrs. Stanford's estate says he can assign no motive to the offer of this reward by Welland Stanford and that nobody in authority connected with the Stanford estate has authorized him to do so.

Parker Got Busy.

Esopus, N. Y., May 26.—H. H. Mary Hall should not be compelled to go through life with a mutilated hand it will be because of the surgical skill of her grandfather, former Judge Alton B. Parker. Mr. Parker and Mary were swinging on the lawn at Rosemount when Mary's hand was caught in the swing and the third finger so crushed it hung by a shred. Mr. Parker skillfully replaced the finger and telephoned the Rev. C. Mercer Hall, the child's father, to have a physician meet him at Kingston. He then started Mary to the railway station, where he walked up and down soothing her till the train came. With the child resting in his arms the journey was made to Kingston, where Dr. Norwood redressed the hand.

Met an Awful Death.

Nashville, Tenn., May 26.—Lee H. Seaint met a frightful death here today. He came in contact with a live wire while working on a pole, fell to the ground and was frightfully mangled.

JILTED IN LOVE AND SHE ATTEMPTS

To Commit Suicide Via the
Laudanum Route.

DEPRESSED IN SPIRITS AT TIME

While Others Were Sleeping She Swallowed Two Ounces of a Deadly Drug. Was Taken to Hospital Unconscious, But Was Resuscitated.

Atlanta, May 26.—Despondent because she believed her lover had deserted her, Ada Rowe, a beautiful young woman of 19, attempted suicide at 6 o'clock Wednesday night by taking two ounces of laudanum in her room at her residence, 49 Reinhardt street.

Officers Lindsey and Dorsett were called for by the excited family, when she was found in what seemed a dying condition on her bed, and the policemen summoned a Grady hospital ambulance. About 10 o'clock Wednesday night she was resting well, and it was thought she would recover.

It seems that Miss Rowe had been engaged to marry John Hamilton, a young man of Stone Mountain, Ga., and she thought he had "jilted" her.

Once or twice before yesterday the young woman had threatened to commit suicide, as she was miserable, and could not help thinking of the man she loved.

When all the folks who live in the house were taking an afternoon nap she took a laudanum phial, which she had recently purchased and stored away, and poured about two ounces of the contents in a glass tumbler.

A note, evidently written by a trembling hand, on a small scrap of paper, with no name signed, but the writing was that of the despondent girl, was found on a table in the center of the room. The note was brief, and read as follows:

"The only one I love has gone back on me."

When the prostrate form of the girl was taken from her room and put into a Grady hospital ambulance it seemed that the attempt at suicide would be successful, for life appeared to be already nearly extinct, but the girl's youth and strong constitution foiled her attempt at the desperate act.

Reported Wealthy Citizen Suicides.

Savanna, Ill., May 26.—Bothwell Pulford, reputed to be the wealthiest citizen of Savanna, committed suicide today a few minutes after being questioned regarding the whereabouts of a revolver with which he was suspected of having slain Attorney Daniel S. Berry, formerly member of the legislature. Pulford had denied any knowledge of the killing of Perry, but became agitated when questioned concerning the revolver. The story has been widely circulated that Berry was killed as a result of attention paid by him to a married woman.

At 7:10 o'clock tonight the bill is on its third reading and is absolutely certain of passage.

MISS TEBEAU'S SCHOOL.

Closed a Most Successful Term Friday—Awarding of Medals.

After a most successful term, Miss Tebeau's school has closed its thirty-first consecutive year. The term just closed was one of the most gloriously beneficial ever known in the history of the school, for which the principal and her worthy assistant, Miss Alice Thomas, is deserving of a great deal of credit. In point of numbers the term was also a big success, fifty-seven pupils having been enrolled.

The term was closed without the usual literary exercises, the entire time having been taken up in examinations. The only exercises beyond this were on Friday morning, when Miss Tebeau personally delivered the medals and prizes to the pupils winning them. She took occasion at this time to congratulate the pupils upon their excellent deportment and efficiency, and her remarks were highly appreciated.

There were two handsome medals, one of which was delivered to Hazel Pournell and the other to Jessie Chesnut, and four books, distributed as follows: Mattie Andrews, Kate Clyatt, Myrtle Brinson and Hugh Becker. All prizes were won by members of the primary classes.

In the advanced department Miss Islay Eddins stood first, Miss Ruby Waits second, Frazier Thomas third, Miss Alice Thomas fourth, Miss Raffle Wilson fifth, Johnnie Eddins sixth, Miss Mary Walkup seventh and Wallace Parham eighth. All made an average of more than 75.

The first requirement of Miss Tebeau's school is cheerful obedience; the second punctuality, and the third diligence. The minimum is 75 per cent in studies.

As the best recommendation of the efficiency of Miss Tebeau as a teacher, it may be mentioned as an interesting coincidence that during the term just closed there were twelve students, children of parents who attended Miss Tebeau's school in childhood.

COL. CHUBB BACK FROM WASHINGTON

Went on Important Political Errand, But Would Not Divulge.

CALLED ON THE PRESIDENT

With a Delegation of Prominent Florida Republicans, But Evaded Direct Question as to Their Business. Talks on Government Building.

Hon. Henry S. Chubb, receiver of the United States land office in this city, has returned from a visit to Washington, where he accompanied a part of the Florida Republican organization, comprising Hons. J. N. Coombs of Apalachicola, member of the National Republican Committee, J. M. Cheney of Orlando, candidate for Congress from the Second District during the last campaign, George Allen, collector of customs for the port of Key West, and M. B. MacFarland of Tampa, Republican candidate for governor.

While it is presumed that the visit was one to which was attached considerable importance, Col. Chubb was a little discreet in what he had to say regarding same. There is one thing which may be put down as a fact, and that is the gathering in the National Capital of so many distinguished Floridians—we would not intimate politicians—at the same time.

"What was the purpose of your visit to Washington at this time?" ventured the representative, as he made himself comfortable in one of the big chairs in the receiver's private office. "Did your delegation discuss political matters with the President?"

"Well," replied Col. Chubb, with an apparent desire to avoid being dragged into conversation on the subject, "my memory is a little hazy on that point. It seems to me something was mentioned on that line. I will say, however, that we are entirely satisfied on the result of our visit."

Having been unable to secure any further information in this direction, Col. Chubb was asked regarding the progress being made in the matter of the proposed public building for Gainesville.

"We all know that \$35,000 has been appropriated for this building," remarked the genial receiver, "and we shall succeed in adding sufficiently to that amount by an appropriation in the next Congress to erect an elegant building two stories high. We succeeded in getting our increased appropriation to the omnibus public building bill, which was reported favorably by the committee on public buildings and grounds in the last Congress. The work we did then will, without any serious trouble, enable us to get an amount into the omnibus bill of the next Congress. These matters are of large moment and necessarily move slowly. Senator Taliaferro and Congressman Clark are both earnestly anxious to see this extra appropriation go through and will do everything in their power in support of the measure."

Col. Chubb stated that the delegation extended the President an invitation to include several prominent cities in Florida in making his itinerary of his Southern trip in early fall, for which the President thanked them, but stated that, owing to pressing business, he feared that it would be impossible for him to go further south than Jacksonville, however delighted he would be to do so.

"The weather was delightful in Washington—cool and bracing, neither too warm nor too cold," concluded Colonel Chubb, "but of course having lived in Florida since my majority, I am entranced with the climate at all seasons and am always glad to get back home."

Saved by Dynamite.

Sometimes a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z. T. Gray of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for consumption, coughs and colds, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure for bronchitis and lagrippe. At drug stores, price 50c and \$1.00; guaranteed. Trial bottle free.

CURED WHEN OTHERS FAILED

1056 Winnemac Avenue, CHICAGO, ILL., Oct. 25, 1902.

Wine of Cardui can always be relied upon to cure when everything else fails. It is a certain cure for female diseases in their worst forms. I suffered for years with ulceration. Intense pains in the womb and ovaries and dreadful headaches unfitted me for my work. Finally I grew so ill that I had to keep to my bed. The pains were so intense at times as to cause spasms and a disagreeable discharge drained my life forces. In my extremity after all else had failed, I tried Wine of Cardui. After using it for two weeks I began to improve so rapidly that I felt encouraged to keep up the treatment, which I did for eighteen weeks, but at the end of that time I was entirely cured. What a relief was mine and how new and beautiful life looked to me when my health was restored. Only those who have passed through such a siege of sickness as I have will understand how much I value Wine of Cardui. It is indeed a boon to sick women.

Frances Mitchell
Secretary, North Chicago Frauen Verein.

Every weak woman needs Wine of Cardui. Wine of Cardui cures disordered and painful menstruation, periodical headaches, falling of the womb and leucorrhoea. It cures extreme cases of these troubles. It strengthens girls approaching womanhood, helps bring children to barren homes, makes pregnancy and childbirth easier, prevents miscarriages and is the best medicine ever made for use during the change of life. Why permit the good women in your home to suffer another day? Every druggist has \$1.00 bottles of Wine of Cardui.

THE BLUE AND GRAY WILL BE TOGETHER

In Observing Union Memorial Day
Here Next Tuesday.

STONEWALL CAMP INVITED

By Lew Wallace Post, G. A. R., to Join
Them in the Solemn Observance of
This Day, and Together They Will
Strew Flowers on the Graves.

There is a growing spirit of brotherly love and esteem between survivors of the great Civil War which is becoming manifestly more cordial every year. Soldiers who fought to preserve the Union and those who defended the Confederacy, a cause which their conscience told them was just, who were in many a bloody conflict where, in some instances, brother fought brother and father was arrayed against son, laid down their arms at the surrender, and the brave Confederate soldier has proved himself a loyal American from that moment.

But this fraternal and patriotic feeling towards one another has been kindled more warmly each succeeding year, until it has reached a period when the veterans' associations on either side, North or South, East or West, affiliate in the exercises commemorative of any occasion in which memories of that great conflict are concerned.

Tuesday, the 30th instant, will be Union Memorial Day, and, as usual, the occasion will be observed here by Lew Wallace Post No. 25, G. A. R. The ceremonies will be modest, being confined to the decoration of the graves of departed heroes, both Union and Confederate, intermingled with prayer and probably a few remarks by members of the Post and Stonewall Camp, U. C. V. The members of Lew Wallace Post have extended a cordial invitation to their Confederate comrades in the following words:

The Invitation.

"Stonewall Camp, Confederate Veterans, Gainesville, Florida.

"Brothers: We respectfully and earnestly request your attendance May 30th to take part with us in our memorial exercises over the graves of the old soldiers and comrades whose bodies now lie in our local cemetery.

"Carriages at your disposal will be stationed on the north side of the court house square at 10:30 a. m. Services at cemetery, 11 o'clock.

"F. PRESCOTT BULLOCK.

"A. P. MORROW.

"L. N. LAFontaine.

"Committee of Arrangements."

Camp Accepts Invitation.

Stonewall Camp promptly accepted the invitation and Adjutant McGrew issued the following circular:

"Headquarters Stonewall Camp, U. C. V. No. 1348, Gainesville, Fla.

"May 23, 1905.

"Comrades: You will meet at the court house May 30th at 10:30 a. m., to participate and assist in decoration exercises on that day in acceptance of the invitation of Lew Wallace Post No. 25, G. A. R.

"F. T. BAKER, Commander.

"JOHN C. MCGREW, Adjutant."

Adjutant McGrew requests The Sun to urge upon all members of Stonewall Camp, Confederate Veterans, to report promptly at the court house at 10:30 o'clock, the appointed hour. Donations of flowers from the ladies of the Confederacy will be gratefully received.

Ocean Graves for 128 Men.

St. Servan, France, May 26.—All hope has practically been given up for the three-masted sailing vessels Cousins Reunionist, which left this port 30 days ago for St. Pierre, Miquelon, off the coast of Newfoundland. She had on board 128 fishermen, and great grief prevails here among the missing men's families, who have begun to put on mourning.

WASHING WITHOUT WATER

Like Trying to Get Rid of Dandruff Without Herpicide.

Did you ever see any one trying to wash themselves without soap or water? If you did what would you say of him?

It is every bit as foolish to try to get rid of dandruff and to prevent baldness by feeding the germs which cause it with Cantharides, Vaseline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Vigors.

Lawson's Herpicide is successful because it attacks and kills the parasite which feeds on the hair roots. It is the original and only genuine dandruff and hair restorative manufactured.

Thousands Have Kidney

Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling of an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

TWENTIETH CENTURY CLUB.

Interesting Meeting, at Which Officers Were Elected.

The second annual meeting of the Twentieth Century Club was held at the residence of Mrs. J. D. Stringfellow, Mrs. Harper, the president, being the hostess for that occasion.

The sustained interest in the club was attested by the large attendance at this meeting, and by the fact that the membership roll of fifty has been kept full during the past year.

After hearing interesting reports from most of the officers and a specially encouraging one from Mrs. Foster, as chairman of the library committee, the revision of the by-laws and constitution was undertaken in a very satisfactory manner, after which the special order of business for the day, the election of officers for the ensuing year, engaged the attention of the club.

Following the precedent of last year a balloting committee was elected which, after careful deliberation, submitted the following names, all of them being unanimously elected:

President, Mrs. C. A. Colelough; Vice-President, Mrs. J. B. Gerald; Second Vice-President, Mrs. Francis Craighead; Third Vice-President, Mrs. Rogers; Recording Secretary, Mrs. W. S. Dorsey; Corresponding Secretary, Mrs. N. D. Phillips; Treasurer, Mrs. W. L. Hill. Board of Directors—Miss Birdsong, Mrs. Margaret Groff, Mrs. T. P. Hay.

After a brief but dignified and gracious address, the retiring president, Mrs. Harper, resigned her seat to Mrs. Colelough, her successor, and in her capacity as hostess, dispensed to her appreciative guests delicious refreshments, which were much enjoyed.

Owing to the press of business even the brief literary program prepared could not be carried out in full, a paper read by Mrs. Phillips and most kindly received by the club, being all in that line undertaken.

The falling shades of evening made a motion for adjournment imperative, and with reluctant goodbys those present parted to meet again in session early in October.

A resume of the year's work reveals many cheering and pleasant features.

A spirit of perfect harmony has prevailed, the meetings have been well attended and the programs carefully carried out.

The library feature especially has deepened and broadened, and with furnished quarters secured, the daily services of a librarian engaged, and more than three hundred volumes in stock, with constant donations and additions, we may justly feel that a public library for Gainesville is at last assured.

The retiring administration, comprising the officers, the board of directors and the library committee, received a rising vote of thanks for their faithful and efficient labors which have brought forth such tangible results, and the corps of newly elected officers give guarantee of continued success, so we may look forward to the reunion in October with sincere enthusiasm.

Mrs. Phillips,

Corresponding Secretary.

COMPLAINT OF ARMY NURSES.

Those of Spanish War Want Recognition—Taft Finds an Unused Fund.

Washington, May 26.—As a result of the complaint of the army nurses of the Spanish war that the war department had kept no record of the volunteer nurses, although complete records had been preserved of the contract nurses, Secretary Taft ordered the records overhauled. This inquiry showed that since 1865 \$2,700 has been on the war department books as a reward for the capture of Jefferson Davis. Congress offered \$10,000 reward and all of this was used except \$2,700, which year after year has been carried from one account to another. Secretary Taft will ask congress to make this sum available for honoring the memories of the volunteer nurses of the Spanish-American war.

The Richest Man in the World.

The richest man in the world cannot have his kidneys replaced nor live without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger, the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebanon, Ky., writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which certainly would have cost me my life." Sold by J. W. McCollum & Co.

One Way of Keeping 'Em.

Chicago, May 26.—Robert Twitty was shot and instantly killed by his wife in the fear that he would be hurt by other people. Twitty and his wife resided in the district which, since the teamsters' strike has seen frequent fights between white and negro men. Tonight when some shots were fired in the street near his home Twitty started to see if another "race war" had commenced. His wife objected to his leaving the house, saying that he might be hurt. Twitty insisted upon going and in the quarrel that followed his wife shot him through the brain. The woman left the house and has not been arrested.

Growing Aches and Pains.

Mrs. Josie Sumner, Bremond, Tex., writes, April 15, 1902: "I have used Ballard's Snow Liniment in my family for three years. I would not be without it in the house. I have used it on my little girl for growing pains and aches in her knees. It cured her right away. I have also used it for frost bitten feet, with good success. It is the best liniment I ever used." 25c, 50c and \$1.00. Sold by W. M. Johnson.

Claimed Rate is Unjust.

Washington, May 26.—The Interstate commerce commission today heard argument in the case of the Cattle Raisers' association of Texas against practically all of the railroads running south or from Chicago, except the Great Northern and Union Pacific. The charge against the roads includes the statement that the freight rate on cattle from the cattle raising states to the cattle market.

A Positive Necessity.

Having to lay upon my bed for 14 days from a severely bruised leg, I only found relief when I used a bottle of Ballard's Snow Liniment. I can cheerfully recommend it as the best medicine for bruises ever sent to the afflicted. It has now become a positive necessity upon myself.—D. R. Byrnes, merchant, Doverville, Texas. 25c, 50c and \$1. Sold by W. M. Johnson.

FLORIDA LAND DEAL.

The recent boom in lands in this State has been the means of several large deals. A Brunswick, Ga., dispatch under date of May 24th says that a deal involving \$1,000,000 and 193,000 acres of land in Liberty and Franklin counties, was closed by Brobston, Fendig & Co., local real estate dealers. The purchasers are a syndicate of Chicago and St. Louis capitalists.

The closing of this deal, which has been on for the past several weeks, a majority of those interested having been in Brunswick, means the building of a railroad to Apalachicola, Fla., from St. Joseph, a distance of forty miles. The road will then extend northward 100 miles to Quincy, and it is understood that it will then head to Atlanta.

The purchase also means the settlement and building of a city at St. Joseph. The purchasers have recently visited the tract and inspected it thoroughly. A visit was also made to Apalachicola, and the capitalists were well pleased with the situation. While the deal has been practically closed for several days, nothing was given out officially until today, when a meeting of Brobston, Fendig & Co., C. W. Hayne of Chicago, R. H. Heath of St. Louis, attorneys of the syndicate, and others interested, was held, at which all papers were signed and the necessary bonus was put up.

The land sold was owned by a syndicate of Georgia and Florida business men, of which C. Downing, president of the National Bank of Brunswick, and the F. Downing Company, is one of the largest owners.

CLARK HOWELL'S CANDIDACY.

The Buffalo (N. Y.) Evening News, in paying tribute to Hon. Clark Howell of Atlanta for governor, says that the only point made against the candidacy of Hon. Clark Howell of Atlanta, for the governorship of Georgia, is in itself a compliment of the finest kind, namely, that he should be saved for the Democratic national ticket in 1908 as the candidate of that party for the Vice-Presidency. But even for that excellent purpose Mr. Howell as governor of Georgia in that year would bring a higher credential to the country at large than he would as Speaker of the popular branch of the Legislature, or even as editor of one of the most influential newspapers in the heart of the South.

Mr. Howell's entrance upon the scene of national politics can be delayed no longer. The South furnishes the great body of votes and of brains in the Democratic party, and that section has been restless for years over being called upon to furnish the army for Northern Democrats to officer after their selfish or irrational fashion. Its demand for representation on the national ticket cannot be denied in the next convention and it is for the good of the nation as well as of the party that a man like Mr. Howell be brought forward for popular support. His party is not likely to win the election, but it is far better for it to suffer another defeat in a conflict over principles than to stagger along to disaster under burdens of radicalism wholly foreign to the spirit of a conservative Democracy.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We offer One Hundred Dollars Reward for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure.

Miami is a hustling city and "everything goes" when it comes to business. And the methods are up to the times. Everything is done through the banks, so that there is no danger of germs that are said to cling to paper money, or of having any that is tainted. A few days ago a fellow who was not so very well known in the city, made up his mind to skip, and knowing the style of business men he had to deal with, made out a number of checks for various persons, which were cashed with pleasure. When it was learned that he had started on a trip, it dawned on the victims that they had been duped and the checks were worthless. He got about \$200; but the experience will be worth all it cost its victims.

Chicago should certainly go on a strike when it only costs \$15 to terribly beat a man. Surely that can't be the union scale.

Negroes Fire on Train.

Valdosta, Ga., May 26.—A negro excursion to Bainbridge Tuesday morning resulted in the usual number of rows. Three unruly negroes were put off the train between Whigham and Cairo on the return, and all of them fired at the train as it pulled out. A negro woman attempted to jump from the train while it was in motion at Thomsville and was hurled against a post with such force that it was reported that she would die from the injuries received.

Convulsion, Fits, then Epilepsy.

Dr. Miles' Restorative Nervine has been so successful in curing these brain-wrecking diseases that there is every reason to believe that even the most hopeless cases can be benefited, if not fully restored.

We will be pleased to refer any one thus afflicted to many who now enjoy the blessing of health, after years of hopeless suffering.

"I have a son that had brain fever when two years old, followed by fits of the worst type, and he was pronounced incurable. I spent hundreds of dollars for him, without relief. After about fifteen years he became so bad that we sent him to Longchiff hospital for the insane, at Logansport, Ind. He was there nearly three years, but he continued to grow worse, so we brought him home July 30, 1902, in an awful condition. He had lost his mind almost entirely. He hardly knew one of the family, could not even find his bed; was a total wreck. He had from 5 to 10 fits a day. We were urged to try Dr. Miles' Nervine, and before the first bottle was used, we could see a change for the better. We have given it to him ever since, and he has had but two very light spells since last August, 1903, and then he was not well other ways. We pronounce him cured, as he can work and go anywhere. If any one wishes to ask any questions concerning this, they can do so by writing to—
E. H. HUNNELL, Lincoln, Ind.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

PROCEEDINGS OF THE LEGISLATURE

Buckman Educational Bill Causes Much Debating.

PRESIDENT TRAMMELL'S STAND

Causes a Delay in Passage of the Destructive Measure—The Fight for the Schools Almost Hopeless—Governor's Mansion Bill Passed.

Tallahassee, May 26.—The Senate was the center of the war zone yesterday.

A telegram was read by the secretary from V. H. Gwinn, recently employed at the insane asylum, who desired an investigation. The matter was temporarily passed.

Mr. Sistrunk's House bill relating to wide tires on vehicles used to haul heavy loads on paved and unpaved roads was unanimously passed.

On motion of Senator Raney duplicate volumes of books of the Supreme Court library were ordered placed on sale.

The substitute offered by the Senate committee on appropriations regarding the Governor's mansion was taken up and read at length and adopted without debate. On motion of Senator Harris it was advanced to its third reading. Roll was called and it was passed, 15 to 12.

The bill to carry into effect the concurrent resolution of the Senate and House, to revise and consolidate the statutes, was passed unanimously.

A House bill to assess lands to be benefited by drainage was also passed. The Senate adjourned until 3 p. m. and on reconvening several bills were passed, including that of President Trammell, providing that corporations doing an express business shall pay claims for a loss or damage to any shipment received within a certain time and shall pay interest on said claim at the rate of 25 percent per annum.

Also Senator McCreary's bill in regard to refunding unexpired portion of license tax; bill to allow Jacksonville to donate to hospitals; to authorize all insurance companies organized under the laws of Florida to conduct their business in this State upon the payment of the same license taxes as are imposed upon insurance companies organized under the laws of other States or foreign countries.

The hour for the Buckman bill was the signal for the battle.

Senator Harris moved that the committee substitute bill be read the second time by its title only, but to this Senator McCreary objected and the motion was withdrawn.

It had been rumored throughout the day that it was the purpose of the opponents of the measure, finding themselves possibly in the minority, to filibuster, some stories going so far as to indicate that the opposition proposed keeping up the fight to the close of the session.

The bill was read and then the title only was listened to.

President Trammell being on the floor, introduced a substitute bill.

This substitute bill provides for a board of control of nine, including the Governor and his executive officers,

MISS
MILDRED
KELLER.

RESTORED TO HEALTH. THANKS TO PE-RU-NA

Friends Were Alarmed— Advised Change of Climate.

Miss Mildred Keller, 718 13th street, N. W., Washington, D. C., writes: "I can safely recommend Peruna for catarrh. I had it for years and it would respond to no kind of treatment, or if it did it was only temporary, and on the slightest provocation the trouble would come back."

"I was in such a state that my friends were alarmed about me, and I was advised to leave this climate. Then I tried Peruna, and to my great joy found it helped me from the first dose I took, and a few bottles cured me."

"It built up my constitution, I regained my appetite, and I feel that I am perfectly well and strong."—Mildred Keller.

We have on file many thousand testimonials like the above. We can give our readers only a slight glimpse of the vast array of unsolicited endorsements Dr. Hartman is receiving.

and five citizens, one from East Florida, one from West Florida, one from Central Florida, one from South Florida and one from Southwest Florida. The measure further provides that this board shall manage the several State educational institutions now existing, and shall report to the next Legislature a proposition looking to the abolishment or consolidation of the State schools. In other provisions the bill is very similar to the Buckman proposition.

The amount of the appropriation in this bill is \$135,000, against \$150,000 provided for in the committee bills.

In moving the adoption of the substitute, President Trammell included the printing of the substitute and that it be made a special order for 3 o'clock tomorrow afternoon.

There was considerable debating on the question, and when put to a vote it stood:

Yeas—Mr. President and Messrs. Alford, Bailey, Clark, Crane, Crill, Hudson, Lee, McCreary, Massey, Neel, Raney, Sams, Wadsworth, Wilson and Zim—15.

Nays—Messrs. Adams, Baskin, Ca-

nova, Crews, Davis, Faulkner, Gillen, Harris, Humphries, Newlan, Scott, Stockton and West—14.

Before the vote was announced Senator Sams, who had voted no, changed his vote to yea, stating that he intended to vote for the Buckman bill and against all amendments, but he wanted to give the friends of the substitute a fair chance.

And the Senate adjourned.

In the House.

Tallahassee, May 26.—In the House yesterday, the Governor's invitation to tea was accepted; several minor bills were tabled and several carried over.

The money lender's bill of Mr. Avery was defeated by a vote of 31 to 22.

The Senate joint resolution in regard to drainage of swamp lands was passed, 50 to 1.

The bill for the proposed county of Bloxham, introduced by Senator Neel in the Senate, was indefinitely postponed.

The Senate bill relative to defining a school year, etc., was passed.

The House bill, concurred in by the Senate, relative to the Governor's mansion, with Senate amendment, was agreed to, which sends the bill to the Governor for his signature.

The bill to protect people from automobile racing was passed.

The Senate bill relative to the care of convicts and convict camps was passed.

The Senate message was read conveying the favorable action of that body regarding the revision of the statutes, and it passed the House, 40 to 2.

Mr. Paul's bill relating to cruelty to animals was ordered engrossed for third reading.

Mr. Wells called up the Senate bill to provide for the levy of a pension tax for each of the years 1905 and 1906, and to provide for the payment of pensions, which was read the second time and ordered engrossed. This bill authorizes the levy of a State tax of four mills for pensions.

Rep. Melton introduced what he termed "all that is left of my charter bill," which caused the House to adjourn.

Warning.

You cannot have good health unless your kidneys are sound, for the kidneys filter the blood of impurities which otherwise act as irritating poisons and break down the delicate organs of the body and cause serious trouble. If you have kidney or bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder diseases. Sold by J. Station Being Repaired.

J. H. Winter, foreman of the carpenter and paint "gangs" of the Seaboard Air Line Railway, is making extensive improvements in the passenger station here. The building will be thoroughly overhauled and repainted, which will add materially to its appearance and comfort.

HER SINFUL LIFE.

She Neglected Ailments Which Seemed Trivial and Became a Bed-ridden Invalid—A Burden to Herself and Her Friends.

Marvelous Power of G. F. P.

Mrs. Mary Scott-Casten, whose work for women has made her name famous throughout America, says: "The woman who neglects female troubles of any kind sins against God and man. When I was younger I was a victim of prolepsis and ovarian troubles, and because I was ashamed to call a doctor let matters go from bad to worse until I was a bedridden invalid, a burden to myself and my friends."

"I then called a doctor, and all in the world he did for me was to tell me to get a bottle of G. F. P. (Gerstle's Female Panacea)." "It cured me. In an hour I felt new life and strength, and in a fortnight I was as well as I am today."

G. F. P. (Gerstle's Female Panacea) is a strictly vegetable remedy of marvelous power for the cure of female disorders such as leucorrhoea, prolepsis (falling of the womb), ovarian difficulties, and painful, suppressed or irregular menstruation.

It is the only recognized remedy which is sold under an iron-clad money-back guarantee. Buy a bottle from the nearest druggist. Use it to the last drop, and if you can conscientiously say you have not been benefited take the empty bottle to the man who sold G. F. P. to you, and he will return your money.

If your druggist cannot supply you send direct to us and we will ship prepaid on receipt of price. The Gerstle Medicine Co., Chattanooga, Tenn.

SECOND RURAL ROUTE TO BE ESTABLISHED

Will Accommodate Residents of
Southwest Section of County.

BIG THING FOR TRUCKERS

Enables Them to Receive Quotations
Daily—Necessary Signatures Have
Been Received, and Postmaster Ar-
now Will Recommend Route at Once.

The system of rural free mail deliv-
ery which was established in this
county a little less than two weeks ago
has proved such a flattering success
and gratifying convenience that
another route will be established with-
in a short time.

Benjamin P. Arnow, a clerk in the
postoffice, has been for the past two
days circulating the necessary peti-
tion, and experienced no trouble in se-
curing the required number of signers,
one hundred. This will be known as
R. F. D. No. 2, and will extend from
Gainesville in a southwesterly direc-
tion to rural points, covering about
the same number of square miles as
No. 1, and accommodating possibly
150 to 175 patrons. This route is de-
signed to prove of especial value, as it
traverses a country occupied largely
by truckers, who will receive market
reports daily.

Postmaster Arnow is to be congrat-
ulated upon his energy in securing for
the public these additional conven-
iences and advantages.

Herbine

Will overcome indigestion and dys-
pepsia; regulate the bowels and cure
liver and kidney complaints. It is the
best blood enricher and invigorator in
the world. It is purely vegetable, per-
fectly harmless, and should you be a
sufferer from disease, you will use it if
you are wise. R. N. Andrews, editor
and manager Cocoa and Rockledge
News, Cocoa, Fla., writes: "I have
used your Herbine in my family, and
find it a most excellent medicine. Its
effects upon myself have been a mark-
ed benefit. Sold by W. M. Johnson.

May Resign as Inspector.

New Orleans, La., May 26.—Police
Inspector John Journee, who was ar-
raigned as incompetent in a report
made by the grand jury on Tuesday,
returned today from Washington,
where he was attending the police
chiefs' convention. He is wavering
between tendering his resignation and
making a fight. The inspector saw
Mayor Behrman immediately after his
arrival and agreed to resign at 11
o'clock today and the mayor at once
issued a call for a special meeting of
the police board to accept the resigna-
tion and elect former Recorder E. S.
Whitaker as his successor. Meantime
the inspector was in conference with
political friends and as a result he tel-
ephoned the mayor that he would not
resign today. The mayor said the
result would be the preferring of
charges against the inspector.

Terrific Race With Death.

"Death was fast approaching," writes
Edith F. Fernandez of Tampa, Fla.,
describing his fearful race with death,
"as a result of liver trouble and heart
disease, which had robbed me of sleep
and all interest in life. I had tried
many different doctors and several med-
icines, but got no benefit, until I began
to use Electric Bitters. So wonder-
ful was their effect that in three days
I felt like a new man, and today I am
cured of all my troubles." Guar-
anteed at all drug stores; price 50c.

Holzman & Co., Assigns.

Chicago, May 26.—Holzman & Co.,
the bankers and brokers in the Union
Trust building and members of Stock
exchange of New York, assigned today
to Edmund Levy. Alfred Holzman, a
partner of the firm, says their assets
and liabilities are about equal—\$1,000.
He attributes their embarrass-
ment to the rumors concerning the
loss of \$11,000 from the reserve fund
of the German National bank and to
a recent run on the Union Trust
bank and the withdrawal of
their partner.

Struggling With Dynamite

More dangerous than to neglect
kidneys. Foley's Kidney Cure
regularly and has cured
many cases after other treat-
ments failed. It builds up the worn
kidneys and restores health and
strength. "I was troubled with kidney
trouble for about two years," writes
Mrs. M. Sterling, Iowa, "and
bottles of Foley's Kidney
Cure effected a permanent cure." Sold
everywhere.
